'GET THE BEST.'

"All young persons should have a standard

DICTIONARY

at their elbows. And while you are about it **GET THE BEST;**
that Dictionary is

NOAH WEBSTER'S,

The **GREAT WORK UNABRIDGED.** If you are too poor, save the amount from off your back, to put it into your head.—*Phrenological Journal.*

"A MAN WHO WOULD KNOW EVERYTHING, OR ANYTHING, AS HE OUGHT TO KNOW, MUST OWN WEBSTER'S LARGE DICTIONARY. It is a great light, and he that will not avail himself of it, must walk in darkness. Every young housekeeper should lay it in, to occupy the place which was formerly filled with decanters and wine glasses."—*Mass Life Boat*, April 28, 1852.

## LIGHTNING RODS.

The Subscriber is prepared to furnish and put up SPRATT'S PATENT INSULATED LIGHTNING CONDUCTORS, with improvements, (manufactured by Wilcox & Whitney, Hartford, Conn.) and pronounced by scientific men, to be superior to any before offered to the public.

L. C. BURT, Agent.

RECOMMENDATIONS.—The Lightning Conductors on the plan of J. Spratt, of Cincinnati, appear to be very well devised, and in point of mechanical construction are the best I have ever seen.

It is to be hoped that the use of these rods may become general as an important auxiliary defense against a danger which must be regarded as of no ordinary magnitude, to which all buildings are liable.

B. SILLIMAN, JR.

Louisville, Jan. 27, 1851.

Prof. Chem in the Univ. of Louisville.

J. Spratt's Lightning Rod Conductor was submitted for examination, and the following certificate was given:

In the above recommendation by Prof. Silliman, Jr, we fully concur.

Fair of the Amer. Instituc. } A. D. 1851.

Time and Money saved, Labor lessened, and Fuel Entirely dispensed with. The advantage derived in the use of our Soaps, are too numerous to be given in this notice; these Soaps do the work of the Laundry without boiling, and in Cold Water, either Soft, Hard, or Salt, by rubbing the soap upon the clothes, when dry, and letting them soak for a short time, then rinse; thereby saving an immense amount of labor, fuel, wear and tear of clothes, bleaching, beautifying, (improving, not injuring the fabric) For removing grease, stains, ink, &c., it has no equal. As cosmetics, these soaps are invaluable, and will prevent and remove cutaneous eruptions, curing chapped hands, imparting to the skin a soft, pleasant feeling, and appearance.

Every style warranted as represented.

Premium awarded at the late } NOTICE. { Copy-right secured,  
Fair of the Amer. Institute. } A. D. 1851.

Time and Money saved, Labor lessened, and Fuel entirely dispensed with. The advantage derived in the use of our Soaps are too numerous to be given in this notice; these Soaps do the work of the Laundry without boiling, and in Cold Water, either Soft, Hard, or Salt, by rubbing the soap upon the clothes, when dry, and letting them soak for a short time, then rinse; thereby saving an immense amount of labor, fuel, wear and tear of clothes, bleaching, beautifying (improving, not injuring the fabric.) For removing grease stains, ink, &c, it has no equal. As cosmetics, these soaps are invaluable, and will prevent and remove cutaneous eruptions, curing chapped hands, imparting to the skin a soft, pleasant feeling, and appearance.

Every style warranted as represented.
